SUMMARY: Notice is hereby given that TOBA Aquarium, Toba 3-3-6 Toba City, Mie Prefecture, 517 Japan, has requested authorization to export nonreleasable beached/stranded marine mammals from the United States for the purpose of public display.

ADDRESSES: The request for authorization and related documents are available for review upon written request to the Chief, Permits Division, F/PR1, Office of Protected Resources, NMFS, 1335 East-West Highway, Silver Spring, MD 20910-3226 (301/713-2289).

The permanent retention or export for public display purposes of a beached or stranded marine mammal taken for the purpose of rehabilitation under section 109(h) of the MMPA must be authorized by NMFS. Under the 1994 amendments to the MMPA, in order to obtain any marine mammal for public display purposes, the recipient must: (1) Offer a program for education or conservation purposes that is based on professionally recognized standards of the public display community; (2) be registered or hold a license issued under 7 U.S.C. 2131 *et seq.*; i.e., from the Animal and Plant Health Inspection Service (APHIS), U.S. Department of Agriculture (or, for foreign facilities, meets comparable standards); and (3) maintain facilities for the public display of marine mammals that are open to the public on a regularly scheduled basis and to which access is not limited or restricted other than by charging of an admission fee. In this regard, the required certifications and statements provided by TOBA Aquarium and the Japanese Fisheries Agency have been submitted to NMFS and APHIS, and have been found appropriate and sufficient to allow consideration of the request.
